

Install Aster on iPhone

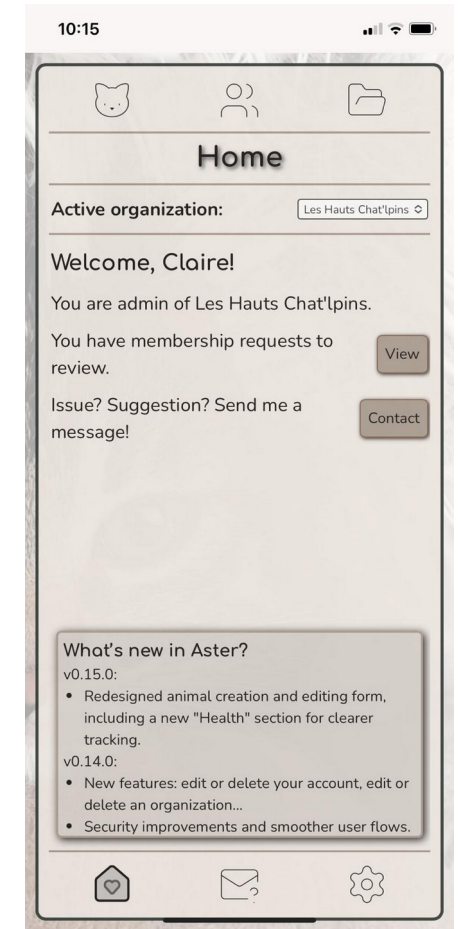

Step 1: Open the address <https://aster-pearl.vercel.app/> (in the Safari browser only) and tap the «share» button at the bottom.

Step 2: Scroll down the sharing options and tap «Add to Home Screen».

Step 3: Aster is then added as an icon to your home screen, just like your other apps.

Step 4: Aster opens in full screen, independantly from your browser. You're all set!
